IETF 123, Madrid
20 July 2025

ICANN | IANA Functions

IANA Services Update

- **Expert delays/replacement**
  - No expert-related delays to report at this time
  - Francesca is helping with a DE tracking tool

- **Designated expert outreach project**
  - Expert check-in
  - Will share update with ADs

- **Early Review of Documents**
  - Reviewed IANA Considerations for all downloadable documents on IETF 123 WG agendas (posted by Monday, 5:00 pm)
  - Reached out to authors regarding IANA issues in 122 documents

- **IANA Services Office Hours**
  - Monday-Thursday: 09:00-17:00
  - Amanda, Sabrina, and Kim will be staffing the table

IANA Services Update

- **IANABIS**

  - **RFC 8126bis**
    - draft-iana-ianabis-rfc8126bis-01 posted on 7 July
    - Updates include registry design practices, new registration procedure text, and adding notes to registries
    - Added notes and questions for IANABIS

  - **Early registry creation document**
    - draft-baber-ianabis-early-registries-00 posted back in June
    - Received feedback from IDR chairs and John Scudder
    - Waiting for more discussion in the WG

Thank You! Questions?
